Experiences

Motocar - Mobile Developer
Colombia(Remote) | Dec. 2023 - Jan. 2024

- Lead the development team in creating an open-source logistics mobile app, ensuring a seamless user experience by overseeing the platform.
- Implemented and adhered to industry best practices for securing user data, payment information, and communication channels within the ride-sharing app.
- Regularly assessed and addressed potential security vulnerabilities to maintain the highest standards of data protection and user trust.

Methrex - Mobile Dev Lead
Nigeria (Remote) | June - Oct. 2023

- Lead the development of a cutting-edge fintech mobile app, incorporating top-notch technology to meet industry standards.
- Managed a pivotal fintech mobile app, annually generating a robust revenue exceeding $10,000, showcasing leadership in project execution and financial impact.
- Implemented a streamlined Continuous Integration/Deployment Pipeline, covering processes such as integration, pull requests, code reviews, and comprehensive testing (load/stress, unit, integration, and end-to-end).

eApp - Mobile Developer
Nigeria (Remote) | Aug. - Oct. 2023

- Implemented enterprise applications for E app's Content Experiment Platforms using Flutter.
- Designed and developed systems facilitating marketers to perform various optimization experiments within the E app's ecosphere.

Upbox - Mobile Dev Lead
Nigeria (Remote) | Dec. 2022 - June 2023

- Lead the development team to craft an open-source logistics mobile app, overseeing the platform to ensure a smooth user experience.
- Conducted thorough research to guide feature development, focusing on improving the app's usability, efficiency, and overall user satisfaction.
